Note: The possible New Testament citations of or allusions to Zechariah listed under "UBS1," "UBS2," and "UBS3" are those proposed respectively by the editors of the first, second, and third editions of the United Bible Societies *Greek New Testament* (Stuttgart, 1966, 1968, 1975). "Nestle" means the 1983 printing of the twenty-sixth edition of the Nestle-Aland text, *Novum Testamentum Graece* (Stuttgart: Deutsche Bibelgesellschaft, 1979). "LaMarche" refers to, *Zacharie IX-XIV: structure littéraire et messianisme*, cited on p. 22 above and associated footnote. The last column, "Above," comprises those allusions to Zechariah proposed in the main body of the present paper. For all columns let an "x" indicate that a citation is listed in a given source, and the absence of an "x" that it is not listed.
